*The Perfect Combination*

**AFFORDABILITY MEETS PRODUCTIVITY**

### TRIPLE INTERCHANGEABLE TOOL HEAD

- 3HP Router upgrade option
- For Rigid Media Workflow
- Laser Pointer Standard
- Camera Registration Standard

### LASER OPTION

Syrad Laser 40 Watt, Air Cooled, CO2 for Textiles, Fabrics, Acrylics, Wood, and more. Even more versatility with our textile laser cutter option! The Sharpcut can handle all of a PSP's finishing needs with a single solution at an affordable price.

- Change from routing to laser cutting in minutes
- Automatic finishing of textiles in rolls.
- Accurate cutting of printed flags and banners.
- Welded, sealed edges for a more attractive finish versus knife cutting-no fraying!
- Achieve more intricate cuts on a wide array of materials- acrylics, woods, paper productions and more.

### MOTORIZED ROLL FEEDER & EXIT TAKE-UP

MODEL	FLOOR SPACE REQUIRED (FT.)	POWER REQUIREMENTS	AIR REQUIREMENTS	WEIGHT (lbs)	WEIGHT (kg)	LENGTH (Inches)	LENGTH (cm)	WIDTH (in)	WIDTH (cm)
